### SOMETHING YOU SHOULD KNOW

#### God's Powerful Word

The Bible contains about 800,000 words, depending on the translation. This is about four times as found in a book of average length.

Although the Bible is so long and deals with the greatest themes that can engage the human mind, it's vocabulary is singularly limited. It uses only 6,000 different words, a very small number compared to the to the 20,000 words that Shakespeare employed while writing his plays.

Not only is the Bible's vocabulary limited, but the average word contains five letters. However, many of these short words are full of the deepest meanings and are worthy of earnest study. For example, consider these five-letter words: grace, peace, faith, saved, serve, glory, and Jesus.
